*Our experience shows us that
when things are done well and
carefully,
fruits taste much better.*

*From the east coast of Spain,
Frutas Navarro is farming the
land since more than 30 years
ago, to bring the best quality of
fruit to your table, keeping all
their properties
and best flavour.*

Our orchards are located in Godelleta.

Our town has an enduring agricultural tradition and is rewarded by the Mediterranean climate, which provides to our trees all the requirements needed to offer you a quality fruit.

VALUES

In Frutas Navarro, we are proud of our orchards and fruits and the company is named after the family Navarro.

The Mediterranean sun is the most important ingredient in making our fruits since it makes the beautiful fruits ripen on the trees keeping their essence and freshness. This gives the fruit a very distinct flavour which differs from the rest of the territory.

The sweetness of our fruits is the essence of Frutas Navarro!
